Machinery Moving and Rigging

Don't let a move disrupt your production.

Give our expert movers a call to discuss your machinery movement and rigging needs with Project Managers backed by over 150 combined years of experience.

With over 30 years of experience in small, mid-size, and large equipment moves on your side, even the near impossible can become practical. Give us a call today and start to discuss your custom-tailored moving solution.

Make your move without disrupting production:

- Precision millwrights
- Industrial blacksmiths
- State-of-the-art riggers
- Precision laser alignment

Unique solutions, tailored to your move.

Partner with our experienced Project Managers to create your custom tailored movement plan that our precision millwrights and movers will follow with the utmost speed, precision, and safety to ensure your move is completed with the least disruption to your production possible.

Once your machinery is in place, put our state-of-the-art precision laser alignment equipment to work. Using the latest technology our experts are able to set your machinery within 0.0001" tolerances.

Call for over 30 years of machinery moving experience – 309-692-6625 or 800-747-1MAS (1627).
