## Custom Solutions

From single machine maintenance to complete plant relocations

## Automated Systems

**MAS – a smart move for your smart factory design.**

**Put our experience and cutting edge technology to work customizing your new automated system installation to fit your needs.**

From amusement park rides to clean room robotic applications, work with our Project Managers to create your application plan. With over 125 years of combined experience and the latest technology you can always count on receiving the best for your automated system.

### Make the impossible seem practical:

- Robotic installations
- Metal cutting and machining equipment
- Automated material handling
- Medical imaging equipment
- Clean room applications
- Open environment to close-quarter installations

### Laser alignment for the utmost in accuracy.

Precision is key in automated systems. Whether you're upgrading a single cell or installing a new automated material handling system, our laser alignment capabilities allow us to set your system to within a 0.0001" accuracy.

**Over 30 years streamlining automated system installations – call 309-692-6625 or 800-747-1MAS (1627).**
