Custom Solutions

From single machine maintenance
to complete plant relocations

Industrial Blacksmiths

Custom lifting devices to safely lift
anywhere from 10 lbs to 50,000 lbs.

Discuss your needs with our experts and see how
our custom fabricated lifting solutions can
revolutionize the way your materials are handled.

From custom lifting devices to reduce a 3 person lifting operation to one that can be successfully and safely completed by a single person to below-the-hook lifting devices and rigging, you can count on our expertise for it all.

Get the best service crafting the best
materials:

- Custom fabricated lifting devices
- On-site inspection, certification, and documentation for existing below-the-hook lifting devices
- Minor repairs on- and off-site
- Custom-made handling tools
- Magnetic particle testing of hooks and lifting devices
- All blacksmith services are tested, certified, and documented to meet all OSHA standards
- All devices are pull tested at 125% rated capacity before being certified and shipped
- Constructed using Certified Aircraft Approved Steel to minimize chance of folds or cracks

Find safety in our dedication to quality.

When it comes to the safety of your employees, your equipment, and your operations, trust the best. Every lifting device is constructed using the finest materials before being thoroughly inspected, tested, and certified by MAS using a 5 to 1 safety factor.

Put over 30 years of experience to work for you by calling 309-692-6625 or 800-747-1MAS (1627).
